## Man Leaps To His Death From Trail

Sunday Proves Bad Day For Hikers Into Nearby Mountains

Dame Fortune seemed to have frowned upon hikers in the mountains Sunday. At least, so it would appear from happenings. One man died in a jump from a cliff on the Mt. Wilson trail, and another young man dislocated his ankle and suffered concussion of the brain.

Donald Marvin from Hollywood, a high school senior and president of his class, who was hiking with other members of the class in the Big Santa Anita Sunday afternoon, fell 50 feet while short-cutting through brush. He was brought to Sierra Madre and then transferred to the Good Samaritan Hospital in Los Angeles.

Sierra Madre firemen, forest rangers and CCC boys from Angeles Crest camp struggled for about three hours Sunday afternoon to recover the body of Francis Ferdinand Murphy, 35, of 6732 Gaviota street, Van Nuys, who was killed in a 100 foot plunge from a sheer cliff on the Mt. Wilson trail, about two miles above the Trail Inn, and just above the firebreak.

The only eye-witness to the tragedy was Mrs. Murphy, who had called at a Pasadena sanitarium where Mr. Murphy was a patient to take her husband for a walk. She told police and rangers that her husband had jumped. She rushed to the bottom of the cliff but could not save him. How she reached her husband's body and then climbed back up to the trail to get aid was beyond understanding of helpers who had to be lowered and pulled up by stout ropes.

Firemen Joe Swanson, Jim Heasley, Jr., and Robert Newberry; District Ranger Pat Harlan and Assistant Ranger Millard Cyster were assigned to the investigation, and used ropes all the way to reach the body. Twenty CCC boys from the Angeles Crest CCC camp, in charge of Herb Allison, aided in taking the body to Grant Chapel.

Special music arranged for the Festival includes the "Ave Regina," "Berge," sung by young people's choir; the Cesar Franck, "Panis Angelicus" which will be sung by the Adult Choir, and Schubert's "Ave Maria," solo by Mrs. R. F. G. Clayton. Mrs. Thomas O'Connell is the director and Mrs. Rose Atkinson, organist.

## Memorial Day 1940

We gather in this hallowed place To honor our Hero Dead; Upon their graves we lay our flowers While fervent prayers are said.

Along the path are great palm trees Like sentinels staunch and tall, While the glorious mountain peaks above Seem brooding over all.

As the bugles sound and "Taps" are heard Each listener bows his head While mockers sing a requiem Above our Soldier Dead.

## Townsendites Want Strings Cut From Old Age Allowance

Members of the Sierra Madre Townsend Club put 25 petitions in circulation here yesterday. They propose that an initiative proposition be submitted to the voters of California at the November election that would remove all strings from the \$40 a month allowance given the elderly people of California by the state and federal government and make it an outright pension. If the initiative is adopted the legislature would have no control over the amount the senior citizens would receive, unless the federal government provided a national pension for the elderly in excess of the present allowance. Provisions of the present law denying aid to those having other income or relatives able to support them would be set aside.

Similar petitions were put into circulation throughout California during the week.

## Tennis Courts Are Resurfaced And Ready For Play

Sierra Madre city park tennis courts have been resurfaced and are once more in condition for good playing, so that local tennis fans will be able to join with the rest of the nation in observing National Tennis Week, which starts tomorrow, ending June 2. Weather conditions during the early spring months delayed the work, which was done yesterday by the Osborn Company of Pasadena.

In January the offer of this company to do the job for \$390 was accepted by the city council. The Pasadena firm surfaced the courts in Glendale city park and the work has proved thoroughly satisfactory. The specifications used on the Glendale job were used here.

## Laytons Building Fine New Home On Main Boulevard

One more attractive home in the eastern end of the city is being built by the Lester K. Laytons at 291 East Sierra Madre Blvd. Excavating was begun Friday and the foundation for the six-room Colonial-Monterey wide ramble type of home on a lot 100x190 feet is now being put in. A long porch at the back of the home, a patio, with a magnificent view of the mountains to the north, a living room with an east window for another striking view of the Sierra Madre mountain range, and ample shrubbery and trees already on the grounds, will make the new Layton home a beautiful place. A 30-year old deodar trees will add to the effectiveness of the grounds.

## Crews Ridding Lots Of Weed Nuisance

Crews of city workmen who began ridding the city of the summer fire hazard by cleaning up weed covered lots early in the week expected to complete their job within ten days. No further notice is given citizens that their lots will be cleared by the city at their expense, notice already having been given that the weed nuisance must be abated by May 17 or the city would do the work and add the cost to the tax bills of property owners.

Crews are working under the direction of Fire Chief W. D. Richards and notice has been given that citizens wishing to burn weeds from their premises must first secure a permit at the city hall.

## Urge Speed In Raising War Relief Fund

Red Cross Issues Appeal For Quick Action In Helping Invaders Victims

Won't you please give today, either at the local Red Cross office or at the stand in front of the bank, so that the children, women, and aged of Europe's war-stricken nations may be assisted by the American Red Cross war relief quota?

This plea was issued by officers and directors of the Sierra Madre Chapter Wednesday night. Up to that time \$585 of the city's \$1200 war relief quota had been received through donations, but the benefit which the public can offer through the Red Cross depends upon the promptness of public response, for this is an emergency which cannot wait, it was pointed out.

Sierra Madre is living up to its excellent record of rapid response, being the second in line in the state after Santa Monica, which completed its quota Wednesday evening. The local chapter is practically at the half way mark, but since the first half usually comes in quickly, Sierra Madreans are urged to keep up their response so the quota will be reached rapidly. Do not wait for a solicitor to knock at your door, because the local chapter is trying to avoid the necessity of a house to house canvass to attain the quota.

War relief fund cans have been placed at the grammar school and school children and Junior Red Cross members are doing their bit to relieve the pitiful plight of those behind the lines.

"The hour has struck with a threat of ensuing suffering and horror to be endured by women and children and the aged such as the human mind never has conceived," said Red Cross chairman Norman H. Davis. "I urged all sympathetic Americans to respond quickly and generously to this appeal by making immediate contributions to their local Red Cross Chapter."

Purchase of important quantities of ambulances, hospital trucks, field hospital units and surgical instruments for use in Belgium and the Netherlands was announced by Mr. Davis, and \$100,000 was cabled to the Belgium Red Cross last week. The same sum was sent to the Netherlands.

## Program For Memorial Day Completed

Fourteen Groups And Organizations Will March To Exercises At Cemetery

Climaxing several days of pre-Memorial Day observances at clubs and schools in Sierra Madre will be the annual Memorial Day parade, Thursday, which will assemble at Sierra Madre Blvd. and Baldwin Avenue at 9 o'clock. It will be a brilliant occasion, with the Stars and Stripes leading the line of March, followed by Sierra Madre's Legionnaires, Veterans of Foreign Wars, Boy Scouts in khaki uniforms, Girl Scouts and Camp Fire girls in their uniforms.

Fourteen organizations and groups will be included in the line of march which will follow East Sierra Madre boulevard to the cemetery for a Memorial Day program. Massed colors, and color guard will lead, followed by the firing squad and American Legion. Drums and bugles are fourth in the line, followed by Veterans of Foreign Wars and the American Legion Auxiliary and city officials. Next division will be the Volunteer Fire Department, Boy Scouts, Girl Scouts and Camp Fire Girls. St. Rita's and the grammar school division will be next followed by church groups, and citizens groups, with cars for the disabled at the end of the parade. There will also be a surprise in the line of march that will bring joy to Sierra Madreans.

The cemetery will be all cleaned up for the occasion. This week veterans have been putting everything in spic and span order. They painted cans a soft green color which will make a pleasant color scheme when they are filled with flowers which American Legion Auxiliary members are gathering, for decoration of the graves of departed soldiers.

"God Bless America," will be the opening song by those who assemble at the cemetery, followed by an invocation by Major P. B. Linville, post chaplain. Reading of General Logan's orders by Ray Calkin will be followed by music, "Sleep, Soldier Boy." The address of the day will be given by Dr. W. B. Heagerty, and St. Rita's and grammar school pupils have prepared songs and selections. Commander Lloyd B. Welch of the American Legion will read the list of departed comrades, followed by a prayer by Rev. S. R. Sheriff. The firing squad will be in charge of Commander J. W. Storm, and taps will be played by post buglers.

## Banks Will Close As Golden Gate Fair Opens Tomorrow

Sierra Madreans will have to do their banking today—or wait until Monday, because the Savings Bank, together with all others in California, will be closed tomorrow. Governor Culbert L. Olson declared May 25, opening day of the Golden Gate International Exposition at San Francisco, a legal holiday. The front office of the city hall will also be closed. The postoffice will carry on as usual, with regular Saturday deliveries.

## WHEN I CAME TO SIERRA MADRE

By C. W. JONES  
First Mayor of Sierra Madre

A BRASS band was organized by T. M. Webster and a bandstand constructed on vacant property where the Central Garage is now located not so long after I came to Sierra Madre. This stand was a place of many public meetings and was used for promoting the sale of Liberty Bonds during the World War.

The Woman's Club was organized in 1907 and about a dozen members contributing \$100 each for the lot. In 1909 the cornerstone was laid for the building that has housed more community meetings than any other building in town.

About that time a few members of the Masonic order were holding social meetings in the homes of different members and in 1910 organized lodge No. 408 F. & A. M., leasing the second story of the Woman's clubhouse, where they continued to meet until the erection of the Temple on Sierra Madre boulevard.

The oldest organization of continuous popularity in Sierra Madre is the Public Library, having been established and housed in its present building many

years before the coming of the Pacific Electric. In addition to the popularity of mountain trails to hikers, Mt. Wilson trail was the only way by which all supplies and freight were transported to the hotel on top and every day pack trains would begin their arduous climb, carrying every conceivable variety of freight, including lumber, water pipe and pianos.

The stables on Mira Monte avenue, quite alive with burros, became the source for much complaint from the neighborhood and because the "industry" spread along Mountain Trail avenue and even to the P. E. Station on Baldwin and Central, much difficulty was encountered in correcting what really had become a nuisance.

The burro problem was second only to that of "tent house" which dotted many choice lots and back yards in town. The one big problem following the incorporation was the fact that the city had no utilities of any kind, not even a drop of water. The water rights in the canyon and under the ground of the city were owned jointly by the Sierra Madre Mutual Water Company, E. J. (Lucky) Baldwin and private operators.

Mrs. Sue Krinke is chairman of the committee and has been ably assisted by Mmes. William Lees, Helen Westerfield, Edna Holland, Geraldine Welch, Henry Olson and Peggy Frank.

A BRIEF resume of events surrounding the founding of the Sierra Madre Woman's Club in 1907 given by Mrs. C. H. Baker, and the recounting of club tragedies of the early days, "which may now be looked upon as jokes" by Mrs. Elizabeth Deitz, added greatly to interest of the Birthday Tea which was given at the club Wednesday in celebration of the 33rd anniversary of the founding of the organization.

Mrs. Waverly Pratt, American Citizenship chairman, opened the program with a request for a period of silent tribute to Americans who have given their lives in past wars, who will receive the tribute of the Nation on Memorial Day.

H. R. Burnett of Los Angeles was guest speaker, and gave an interesting informal talk on his hobby, woodcarving. Working with all types of woods and an ordinary pocket knife and chisel, beautiful decorative pieces which Mr. Burnett has created many have been accorded warm praise by art critics.

The club rooms were charmingly decorated with baskets of delphinium and coreopsis, by Mrs. Charles Hamilton.

Past presidents who special guests for the day were Mmes. E. E. Bacon, Al S. Myers, Hulda Ingraham and the hostesses who presided at the tea tables, Mmes.

## Timely Tips

Learn to care for carrots. Once credited with making hair curly, making it red, and even making it grow, eminent derivatologists now believe that

"carrot-top" is a condensation of carrots are tops. Carrots, logically enough, are full of carotene, which is another way of getting at vitamin A. Not to mention their sugar, mineral-salt, and vitamin content. Pick carrots carefully; beware the carrot of the shriveled wilted, flabby complexion; it lacks flavor and food value. Choose instead the firm smooth, well-shaped one of good color and crisp green tops. Prepare them for cooking as soon as they are brought home from market and store them in the dew action vegetable freshener of the automatic refrigerator. They are just about "tops" in good eating!

## GLAZED MINT CARROTS

12 carrots  
1/4 cupful cooking oil or fat  
1/4 cupful sugar  
6 sprigs mint, cut fine

Wash and scrape or peel carrots. Dice. Cook in boiling salted water until tender, using about 1/2 cupful of water and cooking the carrots covered, over a full gas flame until they boil rapidly, then in the simmer-click position until done. Drain. Heat fat in frying pan; add carrots, mint and sugar. Cook slowly until carrots are coated with syrup, about 15 minutes. Serves 6. Carrots may be sliced or cut Julienne for this recipe, if desired.

## Carrot Cookies

2 cupfuls sifted all-purpose flour  
2 teaspoonfuls double-action baking powder

1/4 teaspoonful baking soda  
1/4 teaspoonful salt  
1/4 teaspoonful cinnamon  
1/2 teaspoonful nutmeg

2 cupfuls quick-cooking oatmeal  
1 cupful raisins  
1 cupful chopped nutmeats

1/2 cupful shortening  
1 cupful grated raw carrots  
1 cupful honey  
2 eggs well beaten

Mix and sift flour, baking powder, soda, salt and spices; stir in oatmeal, raisins and nutmeats. Cream shortening; stir in carrots, then honey and eggs; gradually stir in flour-nut mixture. Chill in automatic gas refrigerator for 15 minutes. Drop from teaspoon onto greased baking sheet, flatten slightly and bake in a moderate gas oven (350° F.) for about 25 minutes. Yield: 3 dozen cookies.

## YOUR HOME AND MINE

BY ANNE WILSON

Cooking with sour cream is popular in Russia, but its advantages are not generally known in this country. Sour cream adds an interesting flavor to many dishes. You can buy excellent dairy made sour cream at any large market or from a dairy.

## Meat With Sour Cream

Brown chops or veal birds. Add sour cream to cover. Cover the skillet and bake at 350 degrees, or simmer on low heat until meat is tender.

## Sour Cream Breakfast Rolls

Combine 1 cake crumbled compressed yeast with 1/2 cup sugar. Melt 1/2 cup butter in 1/2 cup scalded milk. Cool to lukewarm and add to yeast. Add 2 well beaten eggs, 1 cup sour cream, 4 1/2 cups flour and 1 1/2 teaspoon salt. Beat for 8 minutes. Place in a covered dish and let stand over night in the electric refrigerator. Next day let rise in warm place until double in bulk. Knead in 1 1/2 cups flour, roll out 1/4-inch thick. Spread with a thin layer of sour cream, brown sugar and chopped nuts. Roll up like a jelly roll and slice in 1 1/2 inch slices. Place in buttered muffin pans. Let rise in warm place. Bake at 375 degrees.

This dough may be kept in the refrigerator for several days, so fresh rolls may be baked each morning. When only a part of the dough is used at a time, divide the second addition of flour accordingly.

### MEMORIAL DAY

America needs little reminder this Memorial Day of her war dead. In Flanders' fields, where crosses lie row on row, the juggernauts of war are again hurling destruction with new and terrifying fury.

Less than 22 years since the world rejoiced at the conclusion of a great war which was to preserve democracy and open a golden era of world peace, war of even more appalling frightfulness sweeps over ancient battlegrounds of Europe.

Yet it cannot be said that the brave warriors America honors this Memorial Day gave their lives in vain. The Civil War dead to whom this day also pays tribute fought in the great cause of preserving America as a united, indissoluble nation. The World War dead gave their lives in the hope of making the world safe

for democracy. The high idealism of that cause has long since floundered on the grim reefs of Europe's bitter struggles for power, prestige, and vengeance. Even so, those who now lie deep in eternal slumber, in giving their lives, taught America a priceless lesson—that even their sacrifice, the greatest sacrifice they or their nation could make, was insufficient to bring lasting peace to Europe.

The nation's World War dead died in this belief that they were setting the world on the path to enduring peace. America honors the sacrifice they made for so worthy a cause, determined—as far as this nation's path of peace is concerned—that they shall not have died in vain!

### SCOUTS STUDY BIRDS

Brownie Scouts Mignon Murphy, Regina Andrews, Patricia Marshall, Carol Pierson, Sally O'Donnell, Sylvia Smythe, Diane Mason, Marilyn Simpson, Patricia Keating, Dolores Bailey, Anita Annas and Ila May Perry studied birds at their meeting Wednesday. Each brought a folder on birds for her hobby book. The story of Maeterlinck's "Blue Bird" was read to aid in understanding the play which some of the children will see this week. The meeting closed with a song arranged by Sylvia Smythe and Regina Andrews.

## Legislative Comment

By T. FENTON KNIGHT  
Assemblyman, 48th District

THE much talked of truce between the Legislature and the Governor failed to survive the first week of the second special session. The dove of peace abandoned its precarious perch on the capitol dome Friday afternoon when administrative forces and the economy bloc clashed over passage of the emergency clause in an appropriation bill for \$1,900,000, fathered by four recalcitrant Democrats, to repair levies on the Sacramento river damaged by recent floods. The economy bloc, under a call of the house, could muster but 49 of the 54 votes required to qualify the bill as an Emergency measure. While it is probable that a compromise of some kind will be effected to bring this appropriation bill before the house before the session is over, opposition to its first passage has already aroused old resentments which are not conducive to constructive action.

The governor's failure to further broaden the scope of his call has made it impossible at this time to consider the integrated relief bill recommended by the joint interim committee on social service and welfare. The extensive study that this committee has made on the problems of

relief and unemployment will not be useless, however, as the data compiled will be available to the members of the 1941 legislature which will be free to act on any plan or measure it may consider desirable. The Assembly interim committee on rural housing and slum clearance has filed its report with recommendations that a study of the low-cost housing problem be continued by the State Planning Board and that no State Housing Authority be created at this time.

Forces opposed to control of liquor sales through local option have been much in evidence about the State capitol since the session convened. These representatives are concentrating their efforts on keeping Assembly Constitutional Amendment No. 4, which would place the local option question on the ballot this fall, held in committee on constitutional amendments where it now rests. A recent check on the floor of the Assembly indicates that the dry contingent lacks about 10 votes of the required 41 to take the bill out of committee. If this minority cannot be promptly recruited into a majority the voters will have no opportunity to express their opinion on the ballot through the initiative.

Adolf Hitler says the outcome of the savage struggle now sweeping Europe will decide the destinies of that continent for the next 1,000 years. Discounting the German dictator's weakness for speaking in terms of millenniums, it is certain that the havoc wrought by this war will not disappear when the last wisp of battle smoke has lifted from the blood-stained battle-grounds. Whatever nation is the victor, the people of Europe are the losers. Populations mentally and physically stricken by war, ravaged by hunger and disease—these will be the ghostly tenants in the fallen house of European civilization, if civilization is the word for it. A victory for Germany does not spell peace, and a victory for the Allies spells Versailles Treaty's failure—a peace treaty so vengeful that the 1919 Peace Conference will seem, by comparison, a haven of brotherly love. The incontestable victors in this war will be that hard-ridden brotherhood, the Four Horsemen who bear pestilence, famine, death and destruction in their train.

If the temperature is 40 below zero at 9 a.m., the Library will not open," reads a sign on the door of the little library at Fairbanks, Alaska. The library is operated by St. Mathew's Mission, Episcopal church station in Eastern Alaska.

New battle lines in Europe are building new battle lines in Congress. Along those new political fronts on Capitol Hill, Senator Austin (Rep., N.H.), among others, has taken his stand to issue a rallying cry which is certain to swell, not diminish, in volume during the coming days: "The democracies are on the brink of disaster. Let us aid the Allies by lifting the ban—in the case of Britain and France—on loans to debt-defaulting nations. You don't have to become a belligerent in order to help the democracies win this war." As a matter of fact, the Allies now have large cash reserves in this country sufficient for their present wants here. We are despatching to them, with all possible haste, all types of military aircraft and even, in some instances, delaying our own de-

Whether the White Collar, symbol of the professional and clerical worker, be really a badge of merit or a halter in disguise, the plain fact remains: there is an alarming dearth of industrial skilled craftsmen while the white collar professions are becoming increasingly flooded with job-hungry position seekers. The War and Navy Departments last week feared a shortage of skilled workers would so seriously check speedy progress on the national defense program, that they are hurriedly developing plans for greatly enlarged apprenticeship training courses. They are far from the first to view this shortage with concern. From other government bureaus checking labor demand and supply, and from leading members of industry, have come off iterated warnings that the "Men Wanted" signs are being posted—not in the medical, legal, or teaching professions—but in the skilled industrial trades. Jobs there still go a-begging. Nevertheless, it's the white collar crafts which bag the applicants by the surplus thousands.

Has America reached the limit of its expansion? A firm "Not!" comes from the engineers of reclamation who point to vast, barren stretches of land still untouched by settlement. This seemingly sterile earth holds great potentialities. John C. Page, Commissioner of the Reclamation Bureau, states that the 20 million acres of irrigable land remaining in the West constitutes the future

## INSIDE STORY OF RED CROSS TOLD KIWANIS BY WOMAN FIELD REPRESENTATIVE

Mrs. Esther P. Chadbourn, field representative of the American Red Cross, gave local Kiwanians an inside story of the working of this great international neutral organization that has societies in 62 countries, at a

Mrs. Esther P. Chadbourn

Wistaria Vine luncheon meeting last week. Mrs. Chadbourn was introduced by Thomas Schwartz, chairman of the local chapter.

Through statistics, she showed how efficiently the American Red Cross operates in comparison with many so-called charitable institutions.

At all times of distress the American Red Cross bands together to aid stricken areas, regardless of where they may be. During the Mississippi flood, thousands of dollars came to

"elbow room" of the United States, an area offering room for expansion, settlement, productive labor, new markets, all for the upbuilding of America's future. To the magic achievement by reclamation, California herself can bear witness. The Imperial Valley is itself living testimony of what marvels can be wrought when sunbaked desert, made fertile by abundant water, turns into a green treasure chest of agricultural riches. What has once been done, can be done again.

"It is highly improbable that perfume and drug crops can be produced in Southern California either by small or large farmers with profitable results. The price of land, cost of labor, weather conditions, and competition of foreign countries all preclude success," M. H. Kimball, assistant farm advisor, announced this week in answer to many inquiries concerning various perfume and drug crops received during recent weeks. "Even in those European countries where labor is cheap," he said, "the competition from synthetic perfume has virtually killed the age-old perfume industry. In France, Italy, Rumania, and other countries, wages are but a fraction of our local wage level and the climate is more favorable, yet they have largely been forced out of business by chemists. Authorities on the subject in Washington, D.C., Florida, as well as the University of California, are agreed that arid climates are not suited to the best perfume production."

The following item concerning a long-abandoned California menu was discovered by workers on the WPA Writers' Project of Southern California in General Fremont's memoirs in the course of research in connection with preparation of the California volume of the American Encyclopedia series: "When a party of General John Fremont's California soldiers ran low on provisions in 1845, foragers obtained some fine, brown meal from the natives. It was so palatable that it became their favorite dish—until they learned that it consisted solely of dried pulverized grasshoppers! Their nutritive value was judged by Fremont's recorded statement that the half-starved soldiers had become sleek and fat!"

America from other countries to assist with relief work. The Red Cross helps all, whether enemy or friend. However, Germany, Japan and Russia have stated that they do not desire any help from the Red Cross because they have sufficient funds to take care of their needy people. Mrs. Chadbourn said.

The present European war, spreading death and devastation among innocent civilian populations, is one that the Red Cross will have to concentrate on. Mrs. Chadbourn said. Mr. Schwartz read a telegram announcing that Sierra Madre had been given a quota of \$1,200 to raise toward the \$10,000,000 war relief fund, and urged cooperation of Kiwanians and all citizens to attain this mark.

## Trade Sought In Wrong Direction

Kiwanis Told Americans  
Should Be Trained To  
Deal With The Republics

Observing National Foreign Trade Week, Chester French, president of a Long Beach manufacturing and exporting company, spoke on the importance of international trade at Tuesday's Kiwanis luncheon meeting at Wistaria Vine Gardens.

Mr. French said America seems to be turning her back, insofar as international trade is concerned, on her own future. "We are looking toward Europe for trade," he said, "and forget that we have here on the coast greater possibilities than anything Europe has to offer. Japan, China, the South Americas, and the Indies—there lies the future of international trade."

Since the European war broke out in September, America's exports increased \$115,000,000 per month over the same period a year ago, and it behooves America to keep this trade as long as it is turning her way, he said.

The manufacturer said that exporters and importers in this country haven't trained men to trade with foreign countries to the same extent as other nations. Such training should begin in the grammar school, he added, studying the histories of these nations, their customs, language, etc. The American businessman with his democratic manner is especially adapted to international trade, but his lack of training holds him back. "One thing, absolutely necessary in dealing with peoples of different countries is to have respect for their ideals, and habits," Mr. French said.

Among Kiwanians and their wives who attended El Soreno charter night at Woodrow Wilson Junior High School in that city Tuesday were Mr. and Mrs. Charles B. Klunk; President and Mrs. William L. Burr; Mr. and Mrs. R. H. Pickett; Mr. and Mrs. Clarence Huntsinger, and Mr. and Mrs. Charles Kinnear.

## What A Girl Sees Ramblin' 'Round

● The black calla lilies... which are now blossoming in some Sierra Madre yards... the Emil Smiths... and George Smarts... Frank Lovells and others... are a combination of all the jungle's mysteriousness and color... dark and primitive... The botanical name for the flower is "arum palaestinum"... and according to the garden books of Donald Damon of Sierra Madre Nursery... the flower is not a true calla... which is white and a member of the zantedeschia family... The stem of the black calla is marked like a snake... we thought... and the huge flower with its blackish purple flower and liver-like tongue... reminded us of pictures and descriptions of weird, exotic creatures conjured up by pulp magazine writers... The lily is grown mostly as an oddity... and has a very bad odor... When it first blossoms... the spathe is covered with a golden pollen... which seems to carry the car-very-like smell... There is a variety called the twist-arnum which catches flies... Its botanical name is a tongue twister... helicodieros muscivorus... and it has a spike-like flower cluster centered with a twisted affair which together with a vile odor... attracts flies...

● Pollenizing figs is a lengthy and complicated process... M. H. Kimball, assistant farm advisor for Los Angeles county... claims that there are several causes which may be responsible for fruit crops which suffer excessive drop... but the most common is lack of pollinating resulting in failure to set fruit... With peaches, plums, apricots, etc... Kimball said most of the pollination problems can be answered by planting the right variety close by... but with figs... this is not enough... A tiny insect is used to infest the tree... in order that pollen may be carried to the edible fig tree... only one variety of which... the Calimyrna... requires pollination... The process is given a special name, "caprification"... a term derived from the name of the male fig, known as a "caprifig"... The process Kimball says is simple... but to us it sounds quite complicated... since caprifigs containing mature wasps must be picked late in the afternoon... kept in a cool place... and placed in the wire baskets in Calimyrna trees early in the morning... Maturity of the caprifigs can be judged when the first insects begin to issue from the eye of the male fig... ● Pollenizing date trees is a laborious job... It's all done by

## Budgets Of Youth Organizations Call For Contributions Of \$815 By Sierra Madre Citizens

Six Sierra Madre organizations have submitted their budgets for 1940-41 participation in the Kiwanis community fund. They call for \$815.

A break down of the total shows \$300 for the Boy Scouts (a portion of which remains in Sierra Madre to work directly with the troops, and the balance goes to maintain and keep up the San Gabriel Valley council); \$100 for the YMCA, Santa Anita District, and \$200, Sierra Madre youth activities committee.

"This money is to be used in its entirety for local activities in Sierra Madre, and for the benefit of all young people in a varied series of programs," said C. G. Huntsinger, chairman, in a letter to William L. Burr, president of the club.

The Sierra Madre Girl Scouts, Senior Troop 1, asked \$25 for their estimated budget to cover credential fee to national headquarters, campership (send one girl to camp for one week), Red

hand, and every blossom must be individually pollinated... with the pollinizer mounted aboard a very tall ladder.

● A thought provoking cartoon by Reg Manning entitled "But How About the Ground Floor?" shows Uncle Sam... looking out the second story window of a box like structure... saying "Shucks, nobody could ever get a Trojan horse through this second story window"... with the door downstairs (South America) wide open... leading right up to the United States...

● Selwyn Myers home from New York to visit his parents left Sierra Madre shortly after his appearance in an important role in the Ramona pageant three years ago, when he won mild acclaim, as a result of which he was drafted as a member of the stock company for the summer season at the famous Martha's Vineyard Mass. Since then he has appeared in various Broadway productions. During his stay in New York he has also appeared in many radio and television productions.

● Elisabeth Rethberg... a statuesque, blonde singer with "the most perfect voice in the world"... Charles Kullman... leading American tenor... Douglas Beattie... basso... were a renowned trio... at the Pasadena Civic Auditorium this week... and gave a fine performance... Without a snitch of setting... they created in the minds of the audience an imaginary garden for that scene... from the third act of Gounod's "Faust"... We looked in vain for Herbert Ingraham... who plays the cello in the civic orchestra... We asked him how come his absence the next morning... he said because he wasn't there... but he did play last evening in Handel's "Belshazzar."

● R. R. Hartman of Hartman's Pharmacy is the proud possessor of an honorary certificate... presented by the Nevada State Board of Pharmacy. An interesting angle is the fact that the certificate is signed by Howard Skeels... new owner of the Sierra Madre Drug Store, who is retiring as a member of the Nevada State Board... One of Mr. Skeels' last official acts was to sign the certificate for Mr. Hartman.

● Old timers in Sierra Madre who stopped in at Hartman's Drug Store were surprised to see an old friend... Major Lee Vawter... who lived in the city many years ago... although his home is now in Los Angeles... Mr. Vawter is working at Hartman's now... He worked for F. H. Hartman about 26 years ago... and nobody was more surprised to see him at his old stand than George Cox... at whose home Mr. Vawter lived... Increased business has necessitated the addition of Mr. Vawter... who is a registered pharmacist... and Hartman's will remain open each evening until 9 o'clock... R. R. Hartman and his father attended a pharmacy alumni conference at USC Monday... It was the first time the two were able to attend such a meeting at the same time... and the elder Mr. Hartman enjoyed seeing many of his old friends...

"Have you seen our tulip tree?" Mr. Rikeman asked us... We hadn't... so he gave us a good idea of this strikingly beautiful flower... There are only two or three such trees in the city... The Bovards on West Montecito avenue have one... The trees grow as high as 60 feet, with creamy yellow flowers centered with orange... making a beautiful splash of color against the floppy dark green leaves... ● R. C. Lewis... president of the Sierra Madre Savings Bank... and Waverly Pratt, city clerk... are both the same height and walking along the street together they make other citizens look something like Lilliputians... ● There was no chance of military secrets being revealed in a United Press dispatch received from Paris... early this week... It reads, "Paris, May 19. (UP)—End item."

—Viola Bookes.

Cross membership. Thanksgiving baskets, basketball, craft materials, etc. The Brownie Scouts ask for \$15 which covers credential fee, paper, paint, clay, yarn, etc. Four groups of Camp Fire girls and two groups of Blue Birds, with a total enrollment of 80 girls request \$175.

Clarifying the question as to why certain portions of the Boy Scout fund goes out of town, Dr. John L. Woehler addressed a letter to Mr. Burr saying in part, "We have \$273.28 to raise in Sierra Madre as the quota for this district. This is a pro-rated part and our returns are equal to all other scout groups. In the past certain criticism has arisen by the fact that the money goes out of town. This is unfair because the money returns to us in directional activity."

"You men in Kiwanis are fully cognizant of the fact that without the International organization your local group could not exist. Organization, service, publications, district meetings, bookkeeping and club data all must be handled through a central organization. In fact, the success of any group lies in good direction and supervision. No matter how charitable or humanitarian an organization is, much of the real technical work must be performed by a salaried staff and this staff must be capable, efficient and trustworthy. The Boy Scout organization excels along these lines, and its real value has been proven time and time again by the scope of its international influence."

## EIGHTH GRADE GIRLS SURPRISE TEACHER

A surprise party arranged by girls of the eighth grade in honor of their teacher, Miss Virginia Sydnor, was given Tuesday evening at the Paul Carter residence, 480 Mt. Wilson Trail. Assisting the girls with their plans, Mrs. Carter invited Miss Sydnor and Miss Florence Lusted for tea, and after their arrival, girls of the class came in a group, each bringing something for a delicious covered dish supper.

Those present were Myrel Mae Weese, Mary Irish, Helen Stewart, Audrey Maiben, Mary Louise McClelland, Joanne Hinkley, Marilyn Albright and Margaret Young.

## FIRE FLAMES

By One of the Boys

Even though the crew that will clean the lots about the city started work immediately, it will be some weeks before the clean-up will be completed. Some of the lots are real fire hazards right now and we must use the utmost of precaution. Roads leading to and into the mountains remain hazardous as to fire and will be that way all summer. If any person sees another smoking or throwing a lighted cigarette along the road there, they should at least inform them of the danger. If they want to get "tough" about it, just turn them in to the Forest Ranger. We don't want any fires in the mountains.

Guess who the Chief means when he says "Scotty," "Jitterbug Al," "Artful Art," "Slim Jim," "Faithful Frank," "High-pockets," "Silent Steve," "Laughing Louie," "Handy Andy," "Jovial Jim," "Methodical Mac," "Twedell-de-de," and "Bathub." For guessing the firemen these names are intended for Fire Flames will give an appropriate prize. Send all answers to Chief Richards.

Our June Dance comes at a time when several important "drives" are under way. The Red Cross will raise \$1200, for war relief, while the Kiwanis members are driving for a Community Fund, both of which are of vital necessity. This should not discourage anyone from having a good time at the firemen's summer dance. The firemen will all be interested in the relief drives. The proceeds of these summer dances are used only for the repairing and renewing of clothing damaged or ruined at fires.

A young dentic, tied to a nagging wife, is persuaded by his father-in-law to take a "rocket to the moon." His pretty assistant becomes that "rocket" but the fireworks display is really set in motion when the father-in-law becomes the third corner of a double triangle.

There's even a right and a wrong way to dry your back, American Institute of Laundering textile experts say! Pretty Harriet de Busman shows (above) that a back can be dried without stretching a bath-towel all out of shape, then yanking it back and forth across the back.

Here's what happens when you dry your back the wrong way. The towel pulls apart because the threads are broken by over-stretching, especially if the towel has been nicked slightly when used to dry razor blades. The American Institute of Laundering objects to the blame being put upon commercial laundries when such damage, due to the owner's carelessness, occurs.

### Sierra Madre Woman Writes Handbook On Nursing

"Ward Administration," a handbook for head nurses which was written by Mrs. Charles Wayland of 153 South Hermosa avenue, and published recently by the McMillan Company, is being well received in the nursing world as it is the first book of its kind.

Mrs. Wayland, who is the wife of Dr. Charles Wayland, was well qualified for the authorship of this work as she is a graduate of the University of Minnesota School of Nursing, and took her B.A. and M.A. degrees at Columbia University School of Nursing where she was also a member of the faculty for several years. For the last three years Dr. and Mrs. Wayland have divided their time between Sierra Madre and their desert home in La Quinta.

## GREAT GOLDEN GATE FAIR OF 1940 WILL HAVE GLORIOUS OPENING TOMORROW

Why men will visit Treasure Island for the 1940 Golden Gate International Exposition may easily be under-  
stood if you cast your eyes over these ten front line show girls, who will be featured in "Golden Days of '40,"  
the California World's Fair's opening production, to be staged May 25 and 26.

Eyes of all the Western world this week were focused on Treasure Island, where the 1940 Golden  
Gate International Exposition will open in a blaze of glory tomorrow after months of extensive effort.  
This week extensive tests of the new night illumination system furnished the San Francisco  
Bay area with a preview of the magnificent spectacle that will be witnessed nightly during the  
coming four months. Those who have seen this year's illumination pronounce it to be even more  
dazzling than that of 1939, which was universally conceded to be the last word in Exposition light-  
ing.

As the gates open, bombs will explode; sirens will shriek. Thousands of miles away, in Little  
America, a golden key will flash and the azure waters of San Francisco Bay will reflect a blaze  
of iridescent light from the skies above Treasure Island. Bands will blare; jostling crowds will throng  
the avenues of Treasure Island to view the magnificent opening pageant—a breath-taking extrava-  
ganza of beautiful girls and flashing colors.

### PROPOSES LAW TO UNMASK COMMUNIST PARTY MEMBERS

By RALPH H. TAYLOR  
(Executive Secretary, Agricultural  
Council of California)

VARIOUS patriotic groups, to-  
gether with a number of  
leaders in public affairs,  
have urged, during recent months,  
that the Communist Party should  
be banned by law from a place  
on the California ballot.

That demand, undoubtedly, has  
sprung from public indignation  
over disrupted activities of the  
Communists, particularly in fo-  
menting labor disturbances and  
class warfare . . . and from revela-

tions that the Communist move-  
ment is financed, in large part,  
with funds furnished by Soviet  
Russia.

This writer, however, begs to  
differ with those who would deny  
the Communists the right to have  
a legally constituted political  
party.

Great as the provocation may  
be—and it is great—neither Cal-  
ifornia, nor any other State in  
the United States, can afford to  
disregard the fact that this na-  
tion guarantees freedom of po-  
litical thought and political ac-  
tion. That is the very essence of  
Americanism, and much as we  
may despise Communism, any  
American citizen has a right to  
advocate it, or even to seek to  
establish it here, so long as he  
seeks to achieve his objective  
under the democratic processes  
guaranteed by the United States  
Constitution.

The Communists, if they are  
American citizens, have just as  
much right to the ballot as Re-  
publicans or Democrats—and just  
as much right to a party desig-  
nation, no matter how it may  
rankle in the hearts of real  
Americans.

There is another respect, how-  
ever, in which California's elec-  
tion laws certainly should be  
amended—an amendment which  
would force the Communists out  
into the open, instead of permit-  
ting them to hide their identity  
and yet vote the Communist tick-  
et on election day.

At the present time, according  
to the Secretary of State's office,  
there are only 820 voters regis-  
tered in the Communist Party in  
California, despite the fact that  
the party polled 150,760 votes for  
one of its candidates for State  
office at the last general election.  
In other words, the Communists,  
for devious reasons best known  
to themselves, shun admission of  
their Communist affiliations—  
even though they vote the ticket  
when they go to the polls.

Alameda County, for example,  
reports a Communist registration  
this year of only 77 voters; San  
Francisco 133, and Los Angeles  
county 400. In 20 counties in Cal-  
ifornia, there is not a single voter  
registered as a Communist, but  
on election day every county will

find Communists turning out to  
vote for their candidates.

That condition is made pos-  
sible by a loophole in the present  
election laws, which permits any  
party to remain qualified as a  
regular constituted party in Cal-  
ifornia, regardless of how small  
its registration, if one of its  
candidates polled 3 per cent or  
more of the total vote cast at  
the previous election.

If the law were amended to re-  
quire that the registration of any  
qualified party must equal at  
least 3 per cent of the vote cast  
at the previous general election,  
California Communists would be  
forced to abandon their under-  
cover strategy and admit their  
Communist affiliations, or allow  
their party to go into the dis-  
card. And that is as it should  
be. Republicans and Democrats  
register in the party of their  
choice and are proud to do so;  
if the Communists are ashamed  
to register as Communists, there  
must be something wrong with  
the party.

As a matter of fact, it is the  
"boring from within" policy of  
the Communists—their whole  
strategy of masquerading and  
working covertly and anonymously—  
which has made the move-  
ment suspect everywhere, even  
before recent disclosures turned  
the spotlight on Communists re-  
sponsibility for labor strife, SRA  
corruption and chiseling, and at-  
tempts to discredit American in-  
stitutions. Instead of driving the  
Communists underground by de-  
nying them a place on the ballot,  
California needs to drive them  
into the open—so that all may  
know what they are and what  
they are up to. California has  
no need to fear any political  
party, if it is open and above  
board. But California has every  
reason to be on its guard against  
a party whose leaders are in the  
pay of a foreign government,  
and whose members prefer to re-  
main anonymous. Let them have  
their party, but let them own up  
to it!

## Theatre Owned By Townsfolk Weathers El Centro Quakes

Mr. and Mrs. A. A. Rutledge, 126 East Mira Monte avenue, spent a few days in El Centro this week inspecting damage done to their business block during the earthquakes last weekend. The Fox-West Coast Theatre building which is owned by Mr. and Mrs. Rutledge, was filled at the time of the first heavy shocks, but fortunately withstood the tremor, so that no injuries were suffered by anyone in the building. This week it has been closed for inspection and slight repairs. Mr. and Mrs. Rutledge also own 125 feet of store buildings, which were badly cracked, and in which plate glass windows were smashed during the more violent shocks.

Cruz, and Dr. and Mrs. C. L. T. Herbert of 223 North Mountain Trail avenue.

Mr. and Mrs. Hudson Proctor and son Phillip arrived early this week from their home at Laguna Beach to spend a few days with Mrs. Proctor's parents, Mr. and Mrs. C. W. Jones.

Mrs. S. K. Fitch, mother of Mrs. L. F. Pierson, 635 Canyon Crest drive, left early this week accompanied by her granddaughter, Nancy Pierson, to spend the summer at her home in Minnesota.

Mrs. Hilda Noble and daughter Nadine and Mrs. C. N. Barker were the weekend guests of Mrs. Jack Rose at Cabrillo Beach.

H. E. Gabriel, 145 East Alegria, spent two days this week in Long Beach where he attended the convention of Spanish American War Veterans. While in the beach city, Mr. Gabriel was houseguest at the home of his daughter, Mrs. Jean Young.

This has been a busy week for Councilman Paul Carter, who in observation of Foreign Trade Week has filled speaking engagements, at meetings of the combined Service Clubs of Anaheim, the Pomona Woman's Club and Tujunga Service Clubs.

Mr. and Mrs. Bob Ward of South Gate were weekend guests at the home of Mr. Ward's parents, Mr. and Mrs. L. Ward of 263 West Highland avenue.

George McRoberts, son of Mr. and Mrs. George McRoberts, Jr., of 536 West Highland avenue, has returned home from the University of California where he is a Junior, majoring in aeronautics and chemical engineering.

Mr. and Mrs. John Olmstead of Italia Mia left recently for an indefinite stay in New York where Mr. Olmstead has been called on business.

E. P. Dyche, former owner of the Sierra Madre Drug store, left Wednesday for Salt Lake City, to visit his mother.

## ALL SET TO GO AT HOLLYWOOD PARK ON MEMORIAL DAY

Fast rounding into tip-top condition, Ligaroti, Binglin stable's South American thunder-bolt, has returned to the colors and now is in training at Inglewood for Hollywood Park's summer race meet which opens May 30. The Argentine stakeholder was forced into temporary retirement by injuries suffered on an Eastern track. Pictured with him is Miss Gladys Griggs, one of his charming admirers.

## Sierra Madre Boy Scout Troops Come Home From Two-Day Camporee Happy Over Honor Awards

Sleeping out under the stars, cooking three meals a day is enjoyed by Boy Scouts at any time, whether a weekend trip in the mountains or an overnight hike, but when 1800 scouts get together in one place with the same intention—to have a good time and show camping directors what they can do—it's an experience that won't be forgotten for a long time.

Fourteen Sierra Madre Scouts from Troops 1 and 2 had such an experience last weekend when they attended the Boy Scout Camporee in Santa Anita Recreation Park, and came home with awards as well.

Troop 1, Cobra patrol, received an award as an honor patrol. Scouts who made the trip were Tom Schwartz, George Shipway, William and Goodrich Simmons, Sidney Brock, Russell Jensen, Ed Blakeman and Ralph Capalungo, accompanied by Assistant Scoutmaster Richard Lees.

The Fox patrol from Troop 2, with George Grijalva as leader, accompanied by Scoutmaster Joe Honojos, also won an honor award which makes them eligible for the next camporee. Other scouts from Troop 2 who attended were Joe Mullender, Bruce Newbery, William Newbery, David Duran, Francis Yehle and William Kinney, Jr.

Troop 1 exhibited bookbinding and scoutcraft, and Troop 2 had

a camping exhibit. George Grijalva, leader of the Fox patrol, designed and built pack racks for the entire patrol, as a project. Augmenting regular scouting activities at the camporee was the work of the San Gabriel communications unit which set up 10 field telephones and a switchboard. Sixteen boys comprising a Red Cross unit gave a first-aid demonstration.

Local scouts arrived at the Park at 2 o'clock Saturday. The entire camp, comprising 236 patrols and seven Sea Scout ships from the Pasadena San Gabriel Valley Council, was established by 3:30 o'clock, followed by an inspection of Sea Scout ships by flag officers of the council, in an impressive ceremony.

Saturday evening an entertainment program was given in the baseball stadium, with music and a colorful pageant. Especially impressive were the religious services Sunday morning, with 1600 scouts marching in a circle on the turf to organ music, finally halting and sitting in a circle around the speaker, Rev. Gerald Harvey of the Monrovia Methodist Church, who talked on "Keeping Steadfast on the Trail of Life." Field mass was said by Rev. Father O'Keefe of Holy Angels Church, Arcadia, for Roman Catholic Scouts. Local scouts broke camp at 4 o'clock Sunday following a band concert by the McKinley Junior High School band in the stadium.

"Camping standards were the highest in the history of the council," H. Benjamin Robison, assistant camping executive, declared. W. A. Kinney of 171 South Baldwin avenue, was a member of the camp staff.

## High Eastern Star District Officer Greeted With Impressive Ceremony By Her Hometown Chapter

A dignified and impressive presentation of Eastern Star ceremonies was given by officers of the Sierra Madre chapter Monday evening when Mrs. Mary Wammonck, Worthy Grand Matron of the 53rd district, made her official visit to the chapter. All officers and a majority of the members were present as well as several out-of-town guests.

One of the surprises of the evening for Mrs. Wammonck came, when instead of the usual bouquet, she was presented with a fan of gardenias, which delightfully complimented her blue lace gown.

Theme of the evening was "A Chinese Garden," and following the conclusion of the Eastern Star work, all the officers donned bright Chinese coats and presented an interesting program.

As a special tribute to Mrs. Wammonck, Clarence Noshier sang the well known Scotch song "Mary." He was accompanied by Harriet Buckingham at the piano. W. G. Hopper, dressed as a Chinese, conducted a unique game which was one of the highlights of the evening. At the conclusion of the program the committee assisting Mrs. Frances Brain served delicious refreshments.

Special guests who attended were Benjamin B. Cartwright of Alhambra, past worthy grand patron, and Mrs. Cartwright; Jeanette Spencer of Alhambra; Mable Page Brown of the Granada Chapter in Alhambra; Mae

Cleveland of Monterey Park; Verne Hughes also of Monterey Park, and Maude Archer of El Monte, all past deputy grand matrons of the 53rd district.

A quaint Chinese junk, containing a gift of currency was presented to Mrs. Wammonck by Cecil Sterling Price, worthy matron, as the chapter gift, while Mrs. May Schneberger, associate Matron, presented the officers gift which was a tortoise shell jarikisha, also containing currency.

Mrs. Frances Brain was chairman for the evening and was assisted by her daughter, Mrs. Mary Frances Fleming.

## Wrecked Car Tells Of Tragedy That Occured To Three

How death rides the highways is dramatically displayed at the Seaside Oil Company station, 345 West Sierra Madre Blvd. The station is operated by Bernie DeLeon who is exhibiting a demolished sedan in which three people met with tragedy.

"Faulty tires are an invitation to disaster," De Leon states, "and my reason for displaying the wrecked car is to drive home the importance of tire safety at all times."

The exhibit at the Seaside Station has caused widespread interest and comment throughout Sierra Madre. Police Chief G. G. McMillan, who has examined the wrecked car, said that DeLeon is to be commended for his efforts to promote motoring safety.

The car will be on display for a limited time only during which DeLeon is making a special offer on tires, lubrication and washing.

## "A POPPY ON EVERY COAT AND DRESS" IS SLOGAN FOR FLOWER SALE TOMORROW

"A poppy on every coat and dress," is the Poppy Day motto of the Sierra Madre American Legion Auxiliary when it distributes the little red memorial flowers here tomorrow. Preparations have been made to give everyone in the city an opportunity to wear a poppy in honor of the World War dead, Mrs. Florence Jensen, poppy chairman of Sierra Madre unit, said. Volunteer workers from the Auxiliary will offer poppies throughout the business district all day.

No price will be asked for the flowers but contributions will be

received for the Legion and Auxiliary work among the disabled veterans and dependent families of veterans. Funds thus received are the chief source of support for the vast welfare activities carried out constantly, and Mrs. Jensen expressed hope that a generous response from town-folk on Poppy Day would assure the needs of all war disabled and dependents being filled during the coming year. Poppies which will be distributed here were made by disabled veterans at Sawtelle Hospital.

## Womans Club To Pay Tribute To Soldier Dead On Wednesday

A very short tribute in honor of Memorial Day will be given Wednesday evening, May 29, at the Wistaria Theatre, in cooperation with the Sierra Madre Woman's club. Throughout the state woman's clubs are preparing tributes which will be given in neighborhood theatres the evening preceding Memorial day, to put citizens in the spirit of true observance of this day to honor soldiers who gave their lives for their country. The tribute will be in charge of Mrs. Waverly E. Pratt, citizenship and Americanism chairman of the Woman's club.

## Business Houses Here Will All Close On Memorial Day

Sierra Madre will put aside business affairs and duties for one day next week, and observe Memorial Day, Thursday, May 30, in fitting remembrance of those who lost their lives fighting for their country. Stores, business houses, the city hall, bank and post office will be closed all day.

The grammar school, and Pasadena schools will be closed Thursday and Friday, and St. Rita's will be closed Memorial day but will hold classes on Friday.

On Wednesday, May 29, children at the grammar school will present a patriotic program in observance of Memorial Day.

## Need Many Flowers For Decoration Of Soldiers' Graves

More flowers are needed by Sierra Madre American Legion Auxiliary members with which to decorate graves at the cemetery for Memorial Day. It is hoped this year that the cemetery will be more beautifully decorated than ever before, but to accomplish this many, many flowers are needed. Sierra Madreans who can spare bouquets from their gardens are asked to get in touch with Mrs. Florence Jensen at the city hall not later than Wednesday, May 29. The flowers will be called for.

## Sierra Madre Woman Writes Handbook On Nursing

"Ward Administration," a handbook for head nurses which was written by Mrs. Charles Wayland of 153 South Hermosa avenue, and published recently by the McMillan Company, is being well received in the nursing world as it is the first book of its kind.

Mrs. Wayland, who is the wife of Dr. Charles Wayland, was well qualified for the authorship of this work as she is a graduate of the University of Minnesota School of Nursing, and took her B.A. and M.A. degrees at Columbia University School of Nursing where she was also a member of the faculty for several years. For the last three years Dr. and Mrs. Wayland have divided their time between Sierra Madre and their desert home in La Quinta.
